Just Ask!

If there is a subject that you would love to know more about, - do ask us if we can help.

Most of our courses are from the Lantra Professional Register—as are our instructors. However, - we often run courses that have been written by us and then apply to Lantra for their approval, - this results in nationally recognised certification.

We have also been known to run courses that have been written by us—and, not needing nationally recognised certification, - we run them for fun!

We love a challenge, - so please do ask—and we will do our best to provide you with what you want.

Talk to us - we really would love to be able to help you—that is what we are all about.

Special Note

With our vast bank of knowledgeable, hands on, instructors we can usually arrange any other training on request. Contact us for costs, etc.
